HIGH QUALITY HOMES

A&G Homes has been building high quality homes in Central Texas for over 45 years. This tradition dates back to the early 1970s when Charles Graham began building homes in Copperas Cove and Killeen, TX. Eventually, friend Don Armstrong joined Charles, and the two became known as

A&G Homes. During this time as well, Charles led a successful general contracting firm, constructing public schools and lake park recreation areas across the state of Texas, and developing several subdivisions in the Killeen/Fort Hood area, including Knight's Ridge in Harker Heights. This extensive experience backs up A&G's solid reputation for constructing affordable, energy-efficient homes with attractive amenities. This reputation continues to carry on with Charles' daughter, Lisbeth Appelman, who joined A&G Homes in 2009. It is our hope that you will let A&G Homes build your next dream home, translating your desires into the highest quality product called home.
